

“THE LEADER IN FRP SYSTEMS...”

SPECIFY ERSHIGS, INC.

Ershigs tanks show accessory items such as enclosed ladders and hand rails.

ERSHIGS TANKS

Quality Ershigs Fiberglass Reinforced Plastic tanks have served the pulp and paper, municipal and chemical industries since 1960. Standard tanks are produced in our plants with quality controlled manufacturing procedures.

Ershigs meets ASTM, SPI and AWWA standards for chemical process tanks. We concern ourselves with requirements for seismic, wind and other elements involved with tank stability.

Types of tanks and storage vessels:

Vertical

Horizontal
